

USB Type-A to RJ45 Ethernet Cable

This cable is designed for connecting a USB Type-A port on a computer or other device to an RJ45 Ethernet port. It is suitable for use in environments where a standard Ethernet cable is not available or convenient. The cable is made of high-quality materials and is designed to provide reliable performance. It is available in various lengths and is compatible with most USB Type-A and RJ45 Ethernet ports. The cable is also compatible with USB Type-A ports that support Power over Ethernet (PoE). The cable is tested to meet the requirements of the IEEE 802.3ab standard and is certified to the ISO 9001 standard.
