

the [1.5mm Round Terminal Female to Female Cable Lead Wire](#), ideal for muscle stimulation equipment, TENS units, EMS therapy devices, and other electrotherapy systems.

Made with **durable and medical-grade materials**, the cable ensures **excellent conductivity, low resistance**, and long-term reliability. Custom lengths, connector types, and branding options are available for OEM/ODM orders.

#### Features:

- **Premium Material:** Medical-grade TPU or silicone insulation provides superior flexibility, resistance to chemical exposure, and long-lasting performance.
- **Excellent Conductivity:** High-quality copper terminals with nickel plating ensure stable electrical transmission for more effective treatments.
- **Wide Compatibility:** Universally compatible with most standard electrotherapy devices including TENS units, EMS stimulators, and muscle recovery systems.
- **Customizable Options:** Wire length, color, connector types, and packaging can be fully customized to meet your specific branding or technical needs.
- **Reliable Manufacturing:** Produced in our ISO 13485 and ISO 9001 certified facilities, ensuring strict quality control, traceability, and international compliance.

#### Application Scenarios:

- Muscle Stimulator Units (EMS, TENS devices)
- Pain Management Systems
- Physical Therapy and Rehabilitation Equipment
- Beauty and Slimming Devices
- Home-use Health Care Devices
