

Trade Terms	FOB Shenzhen / Guangzhou / Hongkong
Production Capacity	500,000PCS/Month
Payment	T/T, PayPal.
Delivery Time	3-7 working days for making sample. 10 to 15 working days for production.
Packing	Standard Export Cartons/Custom Cartons
Shipping	By sea, By air or by express delivery (DHL/UPS/FEDEX)
MOQ	500PCS
Place of Origin	Dongguan, Guangzhou, China
Certification	CE,FCC,ROHS,REACH,UKCA

Product Description:

- This [magnetic pogo pin connector ecg cable](#) is uniquely designed. The magnetic part adopts advanced permanent magnet materials and undergoes precise processing and optimization design to ensure that while providing sufficient suction to maintain a stable connection, it will not cause interference to surrounding electronic components.
- The pogo pin part uses a high-precision manufacturing process, and the cooperation between the pin head and the pin tube is tight and accurate, ensuring a low-resistance and highly reliable electrical connection.
- The TPE material connector cable is not only soft and flexible, convenient for wiring and storage, but also has good wear resistance and aging resistance, which can effectively extend the service life of the product.
- In terms of power transmission, it can stably transmit low voltage and small current to ensure the normal power supply and charging function of the device.
- Whether in the process of frequent plugging and unplugging during daily use or in harsh

environmental conditions such as high and low temperatures, the [magnetic spring loaded pogo pin cable](#) can always maintain excellent performance and provide a reliable solution for your intelligent device connection needs.

Applications:

- Electrical Testing: Ideal for connecting high-precision electrical devices and instruments.
- Audio Equipment: Provides stable signal transmission for high-fidelity audio systems.
- Laboratory Devices: A reliable solution for electrical connections in scientific experiments.
- High-Frequency/High-Current Applications: Suitable for power amplifiers and other electrical equipment that require stable current transfer.
- Manufacturer Direct: As a professional cable manufacturer, we provide OEM and ODM services to meet your specific requirements. Get custom lengths, colors, and connectors from our factory at competitive prices.

Compliance and Safety Standards:

This FDA registered electrode ecg cable adheres to all applicable medical safety standards and is designed to meet the stringent requirements of healthcare environments. It is CE certified and fully compliant with ISO 13485 for medical devices.

Company Introduction

FAQ

Q1: Can I start a sample order first before ordering more?

A: Sure, Goochain provide free samples if we have stock, sample customized should be charged some set up cost. We appreciate you to order sample from us to check our quality.

Q2: What payment methods do you accept?

A: Alibaba Trade Assurance, PayPal, T/T, Bank Transfer, Western Union and L/C

Q3: How does your factory do regarding quality control?

A: Quality is priority. QC department with professional quality assurance specialist attach great importance to quality controlling from the very beginning to the very end. Our factory has gained FDA Registered, RoHS, SGS, CE FCC, ISO9001:2008 ISO13485 authentication. Etc

Q4: Factory? Yes! Can I customize items I like, such as to print our own logo, or to alter the design?

A: Yes, we are a factory with more than 100 employees. We offer OEM/ODM service. Please contact us or our sales representative to check with the details.

Q5: Delivery time and warranty? Which shipping service you will use for my goods?

A: Our lead time is around 2-4 weeks, and we can provide 12 months warranty since delivery. We used DHL, FedEx, UPS, TNT, EMS as customer like.

Q6: Where is your factory located? How can I visit there?

A: Sure. We are more than happy to receive you in Dongguan and show you around our workplace.
