

## Product Features

This **DC 5521 power extension cable** is engineered for seamless integration with the **Starlink Mini system**, offering a male-to-male DC 5.5x2.1mm connection for easy and stable power extension. It is a practical and durable replacement for your original Starlink power setup.

We guarantee product consistency, reliability, and compliance. OEM/ODM customization is supported for specific lengths, connectors, logos, or packaging, if you want to know more information, please contact with us.

The **waterproof DC power cord** designed for the outdoors, the cable features a high flex PVC jacket and pure copper core that resist wear, temperature fluctuations, and UV exposure. Its IP67 waterproof rating ensures reliable performance in wet, snowy, and extreme weather conditions.

Equipped with a proprietary  
waterproof gasket

The **waterproof DC power cord** designed for the outdoors, the cable features a high flex PVC jacket and pure copper core that resist wear, temperature fluctuations, and UV exposure. Its IP67 waterproof rating ensures reliable performance in wet, snow, and extreme weather conditions.

While designed for Starlink Mini, this **DC power cable** is also suitable for devices with a 5.5mm x 2.1mm input port, including routers, outdoor LED lights, surveillance systems, solar generators, industrial communication equipment, and more.
