

## Product feature

Our [DC 5.5x2.5mm straight to right-angle male power cable](#) is engineered for compact environments where a straight connector might not fit. This DC cable is ideal for use with medical equipment, industrial controllers, LED systems, routers, and embedded computing devices that require stable and low-loss DC power transmission.

## Applications:

- Medical equipment requiring precision DC connections
- Embedded PC boards and industrial automation systems
- LED lighting with tight-space wiring requirements
- Power adapters and routers with custom input jacks
- Surveillance systems and IoT smart devices

We are an **OEM/ODM manufacturer**, offering complete customization on cable length, wire gauge, insulation material, connector design (with optional locking features), and labeling to fit your exact needs. Whether you're a medical device company or a power supply integrator, our in-house R&D team can support rapid prototyping and scalable production.

We offer a wide variety of [DC connector cables](#). If you're interested in learning more, please feel free to contact us.

## Why Choose Us

- **In-House R&D and Engineering Support** for fast prototyping
- **Over 10 Years of Cable Manufacturing Experience**
- **Custom OEM/ODM Services:** Logo, color, molding, cable structure
- **ISO13485 & ISO9001 Certified Production**
- **Rapid Production Turnaround & Global Shipping Support**

- 100% Quality Inspection with Electrical & Aging Test Capabilities

## Company Introduction
