

Product Description:

Engineered for reliability in demanding payment environments, this [9-pin POGO pin to FFC/FPC cable](#) delivers **stable contact performance**, fast signal response, and minimal electrical loss. It is ideally suited for **MPOS terminals**, **NFC-enabled payment devices**, and other compact **fintech equipment** that require secure and space-saving interconnect solutions.

Our pogo connector system is fully customizable — from contact plating thickness and spring force to cable pitch, layout, and mechanical retention. We provide **end-to-end OEM/ODM support**, including design validation, rapid prototyping, and scalable production within our **ISO9001 and ISO13485 certified facility**.

This connector solution can also be integrated with [Type-C to pogo pin magnetic cables](#), frequently used in **docking bases and mobile POS charging stations**. For applications involving medical or industrial devices, we also offer **magnetic pogo pin USB cables** to enable quick-

release, blind-mating functionality in compact environments.

You may also be interested in:

1. [Custom FPC 16P Magnetic Charging Pogo Pin Cable](#) - Designed for data & power transmission in medical and industrial equipment.
2. **Type-C to Pogo Pin Charging Cable** - Suitable for smart device docking stations and payment terminal charging applications.

Application Scenarios:

- Mobile Point-of-Sale (MPOS) Terminals
- NFC Card Readers
- Handheld Payment Devices
- Secure Transaction Systems
- Fintech Equipment
- Industrial Portable Devices

Why Choose Us:

- **Direct Factory Supply** - No middlemen, competitive pricing
- **R&D Custom Design** - Fast prototyping for your specifications
- **Certified Manufacturing** - ISO9001, ISO13485, RoHS, REACH, BSCI
- **Payment Industry Expertise** - We specialize in MPOS cable harnesses
- **Global Export Experience** - Serving Europe, North America, and Asia
