

Product feature

Our [USB 3.0 A Female to Micro USB 3.0 B Male Cable](#) with dual screw locks is designed for rugged and professional applications requiring secure, uninterrupted connections. The panel-mountable USB A female connector is ideal for equipment or enclosure integration, while the screw-lock Micro USB 3.0 B ensures tight connectivity for mobile and industrial use.

Whether you're building an **embedded control system**, connecting an **industrial camera**, or integrating **medical equipment**, this cable delivers **fast, stable, and EMI-protected transmission** with full USB 3.0 performance (up to 5Gbps).

As a professional **manufacturer**, we provide **custom design, OEM/ODM services**, and support **custom lengths, shielding, over-molding, and connector options** to suit your specific project needs. Please contact us to know more [screw lock usb cable](#).

Key Features

- **Interface:** USB 3.0 A Female (Panel Mount, Screw Lock) to Micro USB 3.0 B Male (Screw Lock)
- **Mounting:** Dual-screw locking design on both ends for secure connection in vibration-sensitive environments
- **Data Rate:** SuperSpeed USB 3.0, up to 5 Gbps
- **Cable Jacket:** PVC / optional TPE / custom materials available
- **Shielding:** Multi-layer shielding for EMI resistance
- **Length Options:** Standard lengths or fully customizable
- **Applications:** Industrial automation, robotics, embedded systems, diagnostic equipment, medical devices, testing instruments
- **Certifications:** ISO 9001 & ISO 13485 certified production and quality control

We specialize in custom cable assembly solutions and can fully tailor this product's length, overmold shape, color, strain relief, and even packaging to your exact specifications.
