

## Product feature

Our [\*\*Right Angle USB 3.0 AM to AF Extension Cable with Dual Screw Panel Mount\*\*](#) offers a professional-grade solution for applications requiring **reliable USB connections in tight spaces and fixed installations**.

### Key Features:

- **Right Angle USB 3.0 Male Connector** – saves space and reduces cable stress in compact installations.
- [\*\*Dual Screw Hole Panel Mount Female Connector\*\*](#) – allows secure and stable mounting on panels, racks, or enclosures.
- **SuperSpeed Performance** – supports **USB 3.0 transfer rates up to 5Gbps**, ensuring fast and stable data transmission.
- **Durable Construction** – built with **shielded copper conductors and robust outer jacket** for long-term durability.
- **Wide Application** – suitable for **medical devices, automotive electronics, industrial control systems, servers, and embedded computers**.

### Why Choose Us:

- **Certified Quality:** Manufactured under **ISO 13485 & ISO 9001** standards for medical and industrial applications.
- **R&D Capability:** Experienced engineering team for custom USB cable development.
- **OEM/ODM Service:** Customizable lengths, connectors, cable jacket, branding, and packaging.
- **Global B2B Supply:** Trusted by **distributors, OEMs, and system integrators** worldwide.

This **USB 3.0 right-angle panel mount extension cable with dual screw holes** is the **ideal choice for B2B customers** who need secure, reliable, and customizable USB interconnect solutions.

The **Right Angle USB 3.0 AM to AF Extension Cable with Dual Screw Panel Mount** is designed for secure, high-speed, and space-saving USB connections. Featuring a **90-degree USB 3.0 male connector** and a **female connector with dual screw holes for panel mounting**, this cable ensures both stability and durability in demanding environments. With **SuperSpeed data transfer up to 5Gbps** and backward compatibility with USB 2.0/1.1, it is widely used in **industrial equipment, automotive electronics, embedded systems, and medical devices**.
