

Product feature

The **LED Light Therapy Silicone Face Mask** is an advanced skincare device combining **professional-grade phototherapy** with **safe, flexible silicone material**. Designed for both **home and professional use**, it delivers different light wavelengths to improve skin conditions:

- **Red Light (Anti-aging):** Stimulates collagen production, reduces fine lines and wrinkles.
- **Blue Light (Acne Care):** Helps kill acne-causing bacteria, reduces inflammation.
- **Green Light (Skin Brightening):** Balances skin tone and reduces pigmentation.
- **Yellow Light:** Improves skin circulation and elasticity.
- **Purple, Cyan, White Light:** Comprehensive rejuvenation, soothing, and repair functions.

With a **USB power supply and remote control**, the mask is convenient to use and adaptable for different beauty treatments.

- **Simple & Safe Operation**

- One-button remote control
- USB A / Type-C power supply, easy to use at home or in beauty salons

- **Professional Skincare Results**

- Improves skin elasticity and firmness
- Helps reduce acne, blemishes, and fine lines
- Enhances skin metabolism and circulation

- **OEM & ODM Customization Available**

- Logo printing, packaging design, and product customization
- Suitable for beauty brands, clinics, and distributors

- **Certified Quality Manufacturing**

- Produced under **ISO 13485 & ISO 9001 standards**
- Reliable quality and safety assurance for global markets
