

Goochain's Tes hook TO **2.0 Electrode Needle with Sheath Wire** is engineered for safety, reliability, and precision—meeting the rigorous demands of **medical, electronic testing, and diagnostic applications**. This product combines a high-conductivity TO 2.0 test hook needle with a durable, flexible, and insulated sheath wire, offering enhanced usability and performance.

Key Features:

- **Secure Electrical Contact**

The TO 2.0 electrode needle ensures **stable and low-resistance connections** to testing terminals, sensors, or skin contact points. Its sharp, precisely manufactured tip allows for accurate probing without damaging target materials.

- **Insulated Protective Sheath**

The wire is covered with **high-durability insulation (PVC, Silicone, or TPE)** to prevent electric shock, short circuits, and environmental damage—making it suitable for use in medical and high-voltage scenarios.

- **Custom Cable Design**

Users can specify **wire length, connector type** (bare wire, **banana plug**, snap, 2.0mm plug, etc.), and **sheath material**, making this product highly adaptable for integration in various equipment.

- **High Signal Integrity**

Low impedance and shielded wire options help maintain **accurate signal transmission** in sensitive measurement systems such as ECG/EKG, EEG, EMG, and electrical stimulation setups.

- **Plug-and-Test Flexibility**

Compatible with a wide range of electrode systems, diagnostic tools, and multimeters. The test hook design supports **quick connection/disconnection** during R&D and quality testing.

- **Reusable & Durable**

Designed for repeated use in demanding environments. The cable undergoes **strict bending and tensile strength testing** in Goochain's quality control process.

Company Introduction

About us

10+ Years Experienced Professional Manufacturer of Customized Cables.

3000 M²

Factory space with 10years of production experience

100+

Employees

OEM/ODM

Support customized

IOS13485

Certified Medical Accessory Manufacturer

FAQ

Q1: Can I start a sample order first before ordering more?

A: Sure, Goochain provide free samples if we have stock, sample customized should be charged some set up cost. We appreciate you to order sample from us to check our quality.

Q2: What payment methods do you accept?

A: Alibaba Trade Assurance, PayPal, T/T, Bank Transfer, Western Union and L/C

Q3: How does your factory do regarding quality control?

A: Quality is priority. QC department with professional quality assurance specialist attach great importance to quality controlling from the very beginning to the very end. Our factory has gained FDA Registered, RoHS, SGS, CE FCC, ISO9001:2008 ISO13485 authentication. Etc

Q4: Factory? Yes! Can I customize items I like, such as to print our own logo, or to alter the design?

A: Yes, we are a factory with more than 100 employees. We offer OEM/ODM service. Please contact us or our sales representative to check with the details.

Q5: Delivery time and warranty? Which shipping service you will use for my goods?

A: Our lead time is around 2-4 weeks, and we can provide 12 months warranty since delivery. We used DHL, FedEx, UPS, TNT, EMS as customer like.

Q6: Where is your factory located? How can I visit there?

A: Sure. We are more than happy to receive you in Dongguan and show you around our workplace.
