

Product feature

As a professional manufacturer of custom connectivity solutions, we proudly offer this [USB-A Male to Dual USB Type-C Male Cable](#) with **Integrated Smart Recognition Chip**. Designed for high-performance applications, this cable enables **simultaneous charging and data synchronization** for two USB-C devices from a single USB-A port.

The built-in **smart chip** intelligently identifies connected devices, optimizing power output and providing overcurrent, overvoltage, and short-circuit protection — essential for industrial-grade performance and long-term device safety.

Manufactured in our **ISO 9001 certified factory**, this [USB-C power cable](#) can be fully customized with specific cable lengths, logos, connector molding, or materials to fit your OEM/ODM requirements. Whether you're integrating this cable into a **POS terminal, medical device, or smart charging station**, our R&D team ensures reliable and cost-effective solutions that meet your design specifications.

Key Product Features Summary

- USB-A Male to Dual USB-C Male with Intelligent Smart Recognition Chip
- Simultaneous Charging/Data Transmission for Dual USB-C Devices
- Built-in Protocol Chip for Intelligent Power Management & Device Protection
- Durable Molded Connectors with Strain Relief for Long-Term Use
- Custom Cable Length, Housing, Logo, and Packaging Options Available
- Ideal for POS, Consumer Electronics, Smart Charging, and OEM Projects

We specialize in custom cable assembly solutions and can fully tailor this product's length, overmold shape, color, strain relief, and even packaging to your exact specifications.

Why Choose Us?

- **Experienced OEM Manufacturer:** Over 10 years of R&D and production experience in USB cables and intelligent connectors.
- **Smart Chip Integration:** In-house PCB and protocol customization for smart charging, USB PD, and data protection.
- **Certified Quality:** Strict QA under **ISO 9001**, RoHS, and REACH compliance.
- **Flexible Customization:** Support for small batch prototyping to large-volume orders with full engineering support.
