

Product feature

Looking for a reliable USB data and power splitter solution?

Our **USB-A Female to USB-A Male + DC Power Plug Adapter Cable** is specifically designed for devices requiring an external power supply while maintaining USB data connectivity. Featuring a standard USB 2.0 Type-A Female on one end, a USB-A Male on the other, and a 5.5mm x 2.1mm DC plug for power input, this cable supports various power-sensitive USB devices including Raspberry Pi setups, USB external hard drives, and low-voltage routers.

Our engineering team can provide complete [custom cable design services](#), including DC plug variations, over-molding, strain relief, and logo printing.

With strong experience in medical, industrial, and consumer electronics markets, we serve global brands with **custom-built power+data cable assemblies** that meet strict reliability and safety standards.

We specialize in custom cable assembly solutions and can fully tailor this product's length, overmold shape, color, strain relief, and even packaging to your exact specifications. Trusted by global medical and industrial device brands.

OEM & Custom Design Support:

Need a **custom logo**, **private mold**, or **specific pinout configuration**? Our engineering team can help design, prototype, and mass-produce USB-C cables tailored to your product's exact requirements.

Please **contact us** to learn more [USB DC Splitter Cable](#) ,whether request a sample, technical sheet, or quotation.
