

Product Feature:

The [USB Type-C to 3-lead ECG Snap Button Cable](#) features a space-saving right-angle Type-C connector and durable 4.0mm snap terminals, offering high reliability for ECG monitoring systems. Built with medical-grade materials and precision engineering, it delivers stable signal transmission while ensuring patient comfort and safety.

Key Features:

- **90° Right Angle Design:** Ideal for compact or portable medical applications.
- **3-Lead Standard ECG Layout:** Compatible with most ECG electrode systems.
- **4.0mm Snap Buttons:** Secure and stable connection for accurate monitoring.
- **Customizable Options:** Cable length, color, and connector configurations tailored to your device.
- **Medical-Grade Materials:** Soft, biocompatible, and highly durable for patient use.
- **R&D Support & OEM Services:** In-house engineering team supports OEM/ODM projects with rapid prototyping.
- **Certified Manufacturing:** Produced in an ISO 13485 and ISO 9001 certified facility for guaranteed quality control and regulatory compliance.

Applications:

- ECG Monitoring Devices
- Wearable Medical Technology
- Home & Remote Health Monitoring
- Hospital and Clinical Diagnostic Equipment

Customization & Support:

We provide full customization and bulk production support. Partner with us to develop tailored [ECG cable](#) solutions for your medical devices with full technical and documentation support.
